21 July 1987

Dear Hal:

Several years ago we were interested in Keesler AFB and I sent you a copy of the attached document. You will note that it states that LHO was attached to I&I 1st ArmAmphCo, USMC (Block 5) which would seem to contridict the " official" record which states that his next assignment after Keesler was the 4th Replacement Bn Air FMF Pac. I was wondering if you ever looked into this matter? If you have anything on this and would care to share it, I would be most appreciative.

Sincerely,

Emory Brown
